Just last month, Stockholm unveiled Northern Europe's largest lithium-ion storage array - 150 connected containers storing enough energy to power 45,000 homes during winter blackouts. ...

Whether you're integrating renewables, stabilizing your operations, or seeking cleaner alternatives to diesel, Enerbond's containerized energy storage solutions are built to ...

Helios Nordic Energy has completed the sale of a 10-MW battery energy storage system project near Sodertalje, Sweden. The ownership transfer occurred during the ready-for ...

Energy storage, and in particular batteries, offer a flexible and scalable solution. By charging when electricity is abundant (for instance, during windy nights) and discharging ...

By using advanced solar panels and innovative battery storage solutions, these containers provide a reliable energy source that reduces reliance on conventional power grids, ...

The Elektra Energy Storage Project, Sweden's largest battery storage project, is now fully operational. Located in Landskrona, southern Sweden, the project will provide ancillary ...

Swedish solar farms and battery storage developer Helios Nordic Energy has finalised the sale of a 10-MW battery energy storage ...

That's the rockstar potential of 10MW mobile energy storage - energy systems you can literally drive to disaster zones, construction sites, or anywhere electrons are needed ASAP.

Located at the Torsvik Heat & Power plant in Jönköping, which supplies 90% of the city's heat and 30% of its electricity, the battery system will be a critical asset for maintaining ...

This transaction supports the company's ongoing ambition to accelerate the transition to renewable energy in the Nordic region. The ...
