-----

While the bank has been involved in BESS projects overseas in markets including the UK and US for some time, it made its first energy ...

? Excited to Announce Commissioning of 2MW/8MWh Energy Storage Project in Chiba, Japan We're proud to deliver a high-voltage grid-connected energy storage system under Tokyo...

It meets the application needs of regional power grid peak shaving, frequency regulation, voltage regulation, emergency response, new energy consumption, etc., and ensures the normal ...

Mundus Smart Energy, a subsidiary of Taiwan's Lealea Group, is expanding into Japan's high-voltage battery storage market with seven approved projects totaling 14MW. The ...

After more than a decade of experiment, we developed the EV Battery Station, a large-scale energy storage system that combines hundreds of reused batteries to provide high output and ...

Pacifico Energy commissioned its first unsubsidized grid-scale battery storage project in Japan, a 2MW/10MWh facility in Koganei City, Tokyo, on December 9, 2025.

The real kicker? They're still importing 88% of their energy needs as of 2024. That's where Japanese energy storage containers come in - these modular powerhouses are quietly ...

We hereby announce our entry into the grid storage battery business as a new venture. This business involves installing large-scale battery systems and participating in ...

We hereby announce our entry into the grid storage battery business as a new venture. This business involves installing large-scale ...

This standalone battery storage facility is strategically positioned within the Tokyo area to provide crucial support to one of the world's most demanding energy markets.
