Which battery bank should I choose for the Instant off-grid containers?

Choose between a GEL Deep Cycle Sealed Lead Acid battery bank or a next-gen Lithium Iron bank. See below for more details and pictures. Pre-configured by RPS engineers. 370W solar panels power the Instant Off-Grid Containers. Each panel measures 69.1" x 40.9" x 1.4".

Are Conex containers water tight?

Available in Cargo Worthy (CWO) and Wind & Water Tight (WWT) grades our used containers are inspected to ensure they are structurally sound and water tight. The Conex Depot Story. Conex Depot #174; was founded in 2009 when a group of independently operated container depots joined forces to make a national brand.

What type of container does RPS use?

RPS sources "one trip" containers (used for only a single trip overseas, very little wear, newer floors) and "watertight" containers retired after 10 years (may have some dents and welds but the container is watertight with a lot of life in it!). You have the option to choose which type of sourced container you'd like.
