Who owns the GTCC plant in Abu Dhabi?

These generators will be the core facility for the natural gas fired GTCC plant, owned and operated by Fujairah Power Company F3 LLC, a special purpose company (SPC) jointly owned by Abu Dhabi National Energy Company (TAQA) and Mubadala Investment Company, as well as Marubeni Corporation and Hokuriku Electric Power Company.

What is the largest natural gas fired GCC plant in the UAE?

The US\$1.14bn plant is using an efficient combined cycle technology in the region and will be the largest natural gas fired GTCC facility in the UAE, playing a crucial role in the country's power generation sector, while also contributing to the GCC's power grid.

What are CATL battery-powered energy storage systems?

CATL battery-powered energy storage systems provide energy storage and flexibility in power generation. Instant utilization and energy output due to battery electrochemical technology and the technology of electricity production using gas-piston units can be combined into a single most efficient system.
