How much does a greenhouse frame cost?

The frame of a greenhouse is the structure's support system. Typically, greenhouse frames are made from strong wood or steel that can stand up to the elements. Wood framing costs about \$1 per linear foot, while steel costs \$2.50 per linear foot.

How much does a greenhouse cost?

Standard mid-sized greenhouses cost \$25 per square foot on average. Large commercial greenhouses that consist of plastic or fiberglass over a steel framework, and may or may not include ventilation and plumbing, cost between \$2 and \$4 per square foot. Greenhouses are simple structures that consist of a frame, siding and a floor.

How much does a geodesic greenhouse cost?

Geodesic or dome greenhouses are round structures with domed tops. They can be made from a variety of materials, including glass and plastic, and cost between \$10 and \$25 per square foot. While these types of greenhouses have a relatively small footprint, they can house many plants because of their tall shape.

How much does it cost to maintain a greenhouse?

The cost to maintain a greenhouse depends greatly on its size, features, and climate. Maintaining a small, simple, hobby greenhouse in a mild climate may cost \$10 to \$40 per month or less, while a large, fully climate-controlled greenhouse in a northern state with extreme winters can cost \$3,000+ per month.
