Considered one of the most beautiful medieval squares in Europe, the ornate Grand Place is the center of Brussels, where many historic buildings dating from the 17th century are located.

There's more to Brussels than Belgian chocolate and beer (though they're some of the top reasons to visit). Discover the best things to do in Brussels, Belgium.

Unlike traditional power infrastructure, off-grid containers are fully mobile and can be transported to different locations as needed. This makes them ideal for temporary or mobile ...

The Brussels-Capital Region is surrounded by the Flemish and Walloon regions, which means that the airports, as well as many roads serving Brussels (most notably the Brussels Ring) are ...

By combining solar panels and storage in solid, mobile shelters, solar-powered shipping containers are providing solar electricity from cities to rural villages around the world, ...

The off-grid version consists of a Solarfold container which, in conjunction with a suitable additional storage container, is not connected to the public power grid and functions ...

Brussels is rich in history, architecture, gastronomy, culture and so much more! Warm, welcoming and quirky, Brussels is a bustling city where there's always something going on.

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient ...

The off-grid version consists of a Solarfold container which, in conjunction with a suitable additional storage container, is not connected to the public ...

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide reliable power and energy ...

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...
