In 2024, GSL ENERGY completed a 7.45 MW battery energy storage system (BESS) in Bulgaria, which is used in conjunction with a ...

Bulgaria is taking bold steps toward a greener energy future, having recently wrapped up its most ambitious ...

Sunpal Power, a global leader in high-performance solar photovoltaic systems, proudly showcases its latest project: a 500kW hybrid energy storage system installed in Bulgaria.

Three years ago, SCU deployed the country's first 40ft containerized energy storage system at a solar farm in Bulgaria, setting a precedent for large-scale industrial and ...

Bulgaria-based storage manufacturer IPS has released a new utility-scale BESS with a rated capacity of 8.1 MWh and an integrated 4 MW inverter. The X-BESS 8 system is ...

Bulgaria is taking bold steps toward a greener energy future, having recently wrapped up its most ambitious energy storage tender to date.

The fusion of large battery storage systems with photovoltaic solutions is paving the way for new business models, including Eastern European countries like Bulgaria.

The fusion of large battery storage systems with photovoltaic solutions is paving the way for new business models, including Eastern ...

Bulgaria's renewable energy sector is booming, and energy storage panels have become a game-changer. This article explores how cutting-edge storage solutions address grid stability, ...

Bulgaria-based storage manufacturer IPS has released a new utility-scale BESS with a rated capacity of 8.1 MWh and an integrated 4 ...
