How much does the FCC charge for NCE broadcasting?

Fees shown are effective May 23, 2025. NO FCC FEES. Federal law prohibits the FCC from charging filing fees to non-commercial educational (NCE) broadcasting services. Petition for Rulemaking for New Community of License or Higher Class Channel. Fee is in addition to minor change or license to cover fees.

What fees does the FCC collect?

The FCC collects regulatory fees and processing fees. Congress authorizes our authority to impose and collect such fees. Application processing fees are deposited in the U.S. Treasury and are not available to the FCC.

What is the Commission doing to improve financial efficiency?

To increase the agency's financial efficiency, the Commission has begun migrating toward using an all-electronic payment system for all application and regulatory fees, which is contained within the Commission's Registration System (CORES).

Why does GSA use total building commissioning?

To assure a high standard of excellence for the American public, GSA utilizes Total Building Commissioning when serving the space requirements of Federal agencies. Total Building Commissioning is PBS's process of ensuring quality delivery of building functionality in new construction and major modernizations.
