---

All traction power and switching equipment in one container. Medium-voltage switchgear, Rectifier transformer unit, DC switchgear, Setup, connect, switch on - ready. Digital components, connectivity and digital solutions. Station control. Technical features: station control system, Sitras SCSEnergy management system, Benefits, Asset Monitoring, Cloud Connectivity. The three-phase AC supply is fed in and distributed via the medium-voltage switchgear. The rectifier transformer unit (rectifier transformer and rectifier Sitras REC) transforms the voltage and frequency of the power supply. DC switchgear Sitras DSG or Sitras CSG distributes the power to the track sections. The Sitras SCS station control system pe...
