Eco Solar Kit is the economical solution to keeping your batteries charged and healthy while away from grid power. This kit provides 80 watts and 4.57 amps of power charging capability. A ...

80W foldable solar panel with Powerpole connector. Ideal for radio gear, laptops, and portable electronics in off-grid conditions. Lightweight and silent.

High efficiency: The 80w portable solar panel, constructed of premium PERC monocrystalline solar cells, can delivery higher conversion efficiency of up to 23.5% than conventional panels, ...

Eco Solar Kit is the economical solution to keeping your batteries charged ...

Using the 80-watt solar panel, this system collects solar ...

Integrated with the ETFE film coating, the 80 watt portable solar panel further boosts the power output with up to 95% light transparency and minimum the risks of ...

Enjoy 0.4kWh power per day with a 80W solar output at 20.7v open circuit ...

High Energy Conversion Efficiency - Made of monocrystalline silicon and a variety of materials, ICECO 80W camping solar panels achieve 98% light transmission and can ...

Enjoy 0.4kWh power per day with a 80W solar output at 20.7v open circuit voltage and 17.2v optimum operating voltage. This highly efficient solar panel boasts of IP65 rated ETFE film ...

80W foldable solar panel with Powerpole connector. Ideal for radio gear, laptops, and portable electronics in off-grid conditions. Lightweight and ...

Using the 80-watt solar panel, this system collects solar energy to create DC power that passes through a solar charge controller into your battery. The kit includes adapters to suit your ...
