What is a ground fault circuit interrupter?

A ground fault circuit interrupter (GFCI), which is supplied by GFI WAREHOUSE, is a device that can help prevent electrocution. If a person's body starts to receive a shock, the GFCI senses this and cuts off the power before they can get injured.

Where can I buy a ground fault circuit interrupter (GFCI)?

GFI WAREHOUSE is the leading wholesale supplier of Ground Fault Circuit Interrupters (GFCIs). You can buy GFCIs directly from them.

What are Eaton BR ground fault current interrupters?

Eaton's BR Ground Fault Current Interrupters (GFCIs) provide superior safety over a standard electrical outlet in areas where electricity may come into contact with water. GFCIs are required in any application near water such as kitchen countertops, bathrooms, swimming pools, hot tubs, and outdoor receptacles.
