Which is the best hybrid solar inverter in India?

Statcon Energia's HBD range of Solar Hybrid Inverters is the No.1 Trusted Hybrid Solar Technology in the Indian market. Its Active Front End interface enables it to store renewable energy in the battery as well as export any excess solar power generated, to the grid through net meter, resulting in improved savings at the consumer end.

What is inverter MPPT?

Inverter MPPT is discussed in EME 812 (11.3 DC/DC Conversion). In most applications, the solar inverters are exposed to ambient conditions such as solar radiation, temperature, and humidity. Inverters must comply with the conditions of the location to make sure they can work under ambient conditions listed in the specification sheet.
