Who makes uninterruptible power supply (UPS)?

Also, please take a look at the list of 68 uninterruptible power supply (ups) manufacturers and their company rankings. Here are the top-ranked uninterruptible power supply (ups) companies as of December, 2025: 1. Active Power, Inc., 2. Staco Energy Products Co., 3. SAE Manufacturing Specialties Corp. What Is an Uninterruptible Power Supply (UPS)?

What are the different types of uninterruptible power supplies?

Three main types of uninterruptible power supplies are currently used: offline, line interactive, and on-line systems. Offline UPS systems are standby systems that provide battery power to equipment when the main power supply falls underneath a certain limit. These are mostly used in home and office applications due to their lower cost.
