Why should you choose solar power company in Myanmar?

To offer outstanding sustainable solar products and services with affordable price in Myanmar. To be a Power Generating of Southeast Asia in the sustainable energy sector, recognized for our commitment offering the specialized services to our customers.

What is Myanmar's Solar potential?

In the short- to medium-term, off-grid solar home systems and mini-grid solar /solar/hybrid projects aim to connect households in remote locations where the costs of grid access are prohibitively expensive. The Asian Development Bank estimates Myanmar's potential solar resource at 27 GW. To date, very little of this potential has been realised.
