-----

Alarm goes off: "To go off" means "to trip, to start sounding". Something has triggered the alarm, and it went off (started sounding, flashing lights, what not). This is about ...

SCU has deployed a solar energy storage system in rural Mali, Africa, to effectively solve the local basic electricity demand, illuminate the ...

Off-grid energy solutions, powered by battery storage technology, present the most viable path to universal access. The adoption of renewable energy storage systems is a ...

"The company wants to dispose off the equipment." Is this sentence correct. I am confused whether it is dispose of or dispose off as I see a lot of sentences that use dispose off. ...

In BE, "off work" means not working, possibly because of illness, or because you are on leave or have a holiday. Therefore, in BE, your question would make sense.

Yeah. It's not too common though. The two most common formulations are: I get off work at 5. and I get off of work at 5. At least where I live, "get off from" is used, but not as ...

With our solar container we focus on solar energy, a sustainable and at the same time the most logical energy source in Africa. We have developed two different containerized systems: our ...

Your choices (get off work, finish work, leave work) will all work fine finishing the question about a normal working day. I don't see much difference in formality, if any.

With our solar container we focus on solar energy, a sustainable and at the same time the most logical energy source in Africa. We have developed ...

As PV technology advances, manufacturers are focusing on energy storage solutions that enhance solar power's reliability and ...
