Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Our Omni-Directional solar technology is the first of its kind, it does not need to be pointed at the sun to harvest maximum energy. Just place it outside and forget about it. Originally designed ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency ...

The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It combines solar PV, battery storage, inverters, and energy management in a rugged container.

We are actively driving the evolution towards emission and noise compliant power solutions at worksites. The mobile solar container range redefines on-site power by harnessing the sun's ...

Our Solarfold(TM) containers can be fully deployed and operational in under 6 hours. The automated unfolding system allows for quick setup without needing extensive technical expertise or heavy ...

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or ...

A Mobile Solar Container is a self-contained solar power unit housed within a transportable container. Designed for mobility, it offers rapid deployment of renewable energy solutions in ...

Discover the Foldable Solar Container offering lightweight, efficient, and portable renewable energy. Ideal for outdoor adventures, emergency backup, and remote work sites.

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.
