Terra Solar Philippines, a subsidiary of SP New Energy Corp. (SPNEC), signed an agreement with China's Huawei for 4.5 GWh of battery storage, which will be colocated with ...

One provider alone - San Miguel Global Power (SMGP) - has earmarked more than 1,000 GW of BESS in 32 sites. These containers pack a punch: they store much-needed ...

This facility, spanning Nueva Ecija and Bulacan, will be the world's largest single-site solar and BESS project. The first phase of the project will deliver 2,500 MW of capacity, ...

President of the Philippines, Ferdinand Marcos Jr., inaugurated the country's first "baseload" plant to combine solar PV and ...

Terra Solar Philippines, a subsidiary of SP New Energy Corp. (SPNEC), signed an agreement with China's Huawei for 4.5 GWh of ...

President Ferdinand R. Marcos Jr. on Thursday led the groundbreaking of the "Meralco Terra Solar Project," considered as the ...

President of the Philippines, Ferdinand Marcos Jr., inaugurated the country's first "baseload" plant to combine solar PV and battery storage.

Explore the Philippines' new solar project featuring cutting-edge battery storage systems, aimed at boosting renewable energy capacity and sustainability.

President Ferdinand R. Marcos Jr. on Thursday led the groundbreaking of the "Meralco Terra Solar Project," considered as the largest integrated solar and battery storage ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...
