Who is containers Africa?

Welcome to CONTAINERS AFRICA Containers Africa specializes in the sale, leasing, and re-positioning of new and used shipping containers in most major ports of Africa. We specialize in selling; 20ft, 40ft, 40ft High Cube, reefer containers, open tops, conversions, designs & fabrications. More info.

What is the difference between open top and collapsible containers?

You will find collapsible containers and non-collapsible containers with or without walls. Open top containers have an open top covered by a tarpaulin instead of a solid roof. Enables oversized cargo such as timber and scrap metal to be loaded from the top.

What are the different types of cargo containers?

Dry containers (DC) are the most used type of container in the world: 90% of goods shipped by sea are loaded in dry containers. The 20-foot and 40-foot cargo containers are made of steel and are suitable for all types of cargo. Refrigerated containers are used to transport goods requiring temperature-controlled conditions in transit.
