How much does a solar inverter cost?

Your solar adventure starts here--let's light it up! The Enphase IQ8 is a top pick for its reliability, panel-level optimization, and 25-year warranty--especially great for shaded or complex roofs. Solar inverters cost between \$1,500 and \$5,000, depending on the type (string, micro, or hybrid) and your home's energy needs.

How do I Choose an inverter for my home?

"That's actually a big problem for lots of people." Choosing an inverter for your home can be tricky. In most cases, an installer will handle this for you. Along with selecting a reputable installer, there are a few other things to look for when choosing an inverter. If you want to go solar, you need a good inverter.

Which solar inverter is best?

CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025. It was the most efficient inverter we looked at, letting you use a larger percentage of the energy your solar panels generate. This translates to less and more power to use around the house.
