-----

This all-in-one containerized system combines an LFP (LiFePO<sub>4</sub>) battery, bi-directional PCS, isolation transformer, fire suppression, air conditioning, and an intelligent Battery Management ...

Delivering an impressive 14KWh of energy and featuring a built-in 5KW pure sine wave inverter, this battery streamlines your setup like never before. Say goodbye to external ...

SUN LION 1000 features a built-in lithium battery & wall mount design. Easy to install, efficient, and perfect for off-grid or backup power.

Namkoo's containerized battery energy storage solution is a complete, self-contained battery solution for utility-scale energy storage. It puts batteries, A/C, UPS, inverter and auxiliary ...

Built on our LiFePO<sub>4</sub> HUSKY2 platform, they pair Tier 1 cells, advanced BMS protection, and IP65 durability with the Victron MultiPlus-II inverter/charger. These systems support seamless off ...

Fire protection and HVAC: built-in to optimize safety and lengthen battery life. Multiple inverter brands are available in our solution to meet regional ratings and approvals.

The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It combines solar PV, battery storage, inverters, and energy management in a rugged container.

Fire protection and HVAC: built-in to optimize safety and lengthen battery life. Multiple inverter brands are available in our solution to meet regional ...

Designed for solar power plants, this innovative solution combines advanced Lithium battery storage technology with a high-performance 500kW Hybrid Inverter. Featuring a modular and ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
