---

International Power Supply (IPS) has begun production at its 3 GWh battery factory near Sofia, with plans to expand capacity to 5 GWh ...

International Power Supply (IPS) has begun production at its 3 GWh battery factory near Sofia, with plans to expand capacity to 5 GWh by the second quarter of 2026. The ...

Rezolv Energy has begun construction on the 225 MW St. George solar park in northeastern Bulgaria, transforming an abandoned ...

Solar power generated 12% of Bulgaria"s electricity in 2023. By the end of 2020 about 1 GW of solar PV had been installed. It has been estimated that there is potential for at least another 4 GW by 2030. By the end of 2024 about 3.9 GW of solar had been installed. On March 13, 2023, peak photovoltaics power was 30% of Bulgaria electricity ...

It aims to connect the solar power plant to the grid next year. The facility will generate an estimated 313 GWh per year on average. Just ...

A 16.2 MW solar power plant in Zdravetz, Bulgaria was expected to be completed in June 2012, with power being sold for $0.30/ kWh in a fixed rate 20 year power purchase agreement.

The realization of these investments has placed SUNTERRA in a leading position in Bulgaria and among the largest projects in Europe. The two solar plants provide clean energy for over ...

SAT Energy accelerates Bulgaria"s solar transition with end-to-end solutions, empowering businesses with cost-effective, reliable, and ...

Rezolv Energy has acquired the rights to build and operate a 229 MW solar plant in Silistra Municipality in north-eastern Bulgaria. Named "St. ...

Production capacity is planned to reach 60 satellites per month as early as the end of 2025. The Bulgarian

company has already implemented more than 3,000 modules in orbit ...

SAT Energy accelerates Bulgaria"s solar transition with end-to-end solutions, empowering businesses with cost-effective, reliable, and sustainable PV systems.

It aims to connect the solar power plant to the grid next year. The facility will generate an estimated 313 GWh per year on average. Just a few months ago, the St. George ...
