Trinasolar brings to Thailand a full suite of PV and storage offerings, fresh from its global showcase at SNEC 2025 in Shanghai, the world's largest solar expo.

ADB and Gulf Renewable Energy Company Limited, a subsidiary of Gulf Energy Development Public Company Limited, have signed an \$820 million loan to provide ...

Two recent hybrid hydro-floating solar energy projects jointly built by Chinese and Thai companies showcase an innovative blend of solar and hydroelectric technologies to ...

Solar Energy Storage: This segment is leading the market with extensive applications in residential and commercial sectors, especially in states with high solar capacity.

Battery energy storage systems (BESS) have emerged as a solution for mitigating the intermittent nature of solar and wind power with the rise of renewable energy. ...

What is thought to be Southeast Asia's single largest battery energy storage system (BESS) to date will be supplied to a solar PV-plus-storage project in Thailand by Sungrow.

Two recent hybrid hydro-floating solar energy projects jointly built by Chinese and Thai companies showcase an innovative blend of ...

China's Dongfang Electric built Thailand's first integrated floating solar plant at Ubol Ratana Dam in record time. Here's why it's cool: Local engineer Tirachai sums it up: "Our ...

GoodWe, a global leader in solar and energy storage solutions, has announced the successful commissioning of a 6.5 MW solar-plus-storage system at the Panasonic ...

The increased solar and energy storage targets could sustain the forecasted electricity demand increase from data centres and EV charging in the coming years.

Solar Energy Storage: This segment is leading the market with extensive applications in residential and commercial sectors, ...

What is thought to be Southeast Asia's single largest battery energy storage system (BESS) to date will be supplied to a solar PV-plus-storage project ...
