Who regulates electricity supply services in Saint Lucia?

In addition to regulating the water supply and sewerage services, the NURC is now mandated to regulate electricity supply services in Saint Lucia pursuant to the National Utilities Regulatory Commission Act of No.3 of 2016. Contact Us! P.O. Box CP6307, Sans Souci, Castries. © National Utilities Regulatory Commission - 2017. All rights reserved.

What is the future of electricity in Saint Lucia?

At the same time, recent developments in energy efficiency, renewable energy, cleaner-burning fuels (e.g., natural gas), electricity storage, and advanced controls and metering present a myriad of opportunities. Saint Lucia's current electricity system is well managed, reliable, and equitable.

Is Saint Lucia's Electricity System reliable?

Saint Lucia's current electricity system is well managed, reliable, and equitable. This can be primarily attributed to the fact that LUCELEC is a responsible and financially sound utility.
