---

Construction of a 3-megawatt solar power plant with a 0.5-megawatt energy storage system has begun in the Shugnan district of Tajikistan's Gorno-Badakhshan ...

Chinese developer Eging PV Technology says it will build a 200 MW solar power station in southwestern Tajikistan. The nation will also construct its first production plant for ...

Chinese developer Eging PV Technology says it will build a 200 MW solar power station in southwestern Tajikistan. The nation will ...

The project also includes a hybrid energy storage power plant rated for 180-kilowatt hours. The new solar plant is a direct result of successful cooperation between the Government of ...

Solarvance offers rugged, high-altitude, and cold-climate solar solutions perfectly suited for Tajikistan's mountainous terrain and rural needs. Whether powering isolated villages, schools, ...

The provision of a long-term, senior A/B loan, including an A loan of up to USD 183.5 million, for the development, design, construction and operation of a 200MW solar photovoltaic power ...

The agreement was signed with Tajikistan's Ministry of Energy and Water Resources. The project pipeline, including floating solar capacity, will be developed as part of ...

The proposed project will combine wind, solar, battery energy storage and green hydrogen to help local industry decarbonise. It includes an option to expand the connection to 1,200MW. [pdf]

USAID partnered with PE to improve the quality of life of the residents of Murghab District by providing access to sustainable and ...

USAID partnered with PE to improve the quality of life of the residents of Murghab District by providing access to sustainable and reliable sources of energy by upgrading the ...

Construction of three solar power plants in the villages of Alichur, Gulzor, and Bulunkul of Murgab district in the Gorno Badakhshan Autonomous Region (GBAO) is nearing ...

The solar and wind power initiative is expected to create thousands of jobs, stimulate local economies, and improve energy access ...
