Composite integrated circuitry offers advanced lightning protection and also guards against surges, spikes, sags, brownouts and ...

Single-phase UPS device in dual converter technology, according to three-stage classification code VFI-SS-111. Floor-mounted appliance, either for 19" rack mounting, 90°; rotary LCD ...

This mini-tower uninterruptible power supply (UPS) provides battery backup power (using sine wave output) and surge protection for connected equipment including computers, networking ...

Provides a manufactured waveform output to supply cost-effective battery backup power for equipment that does not require sine wave output. This model is an ENERGY STAR®; certified ...

The CP1000AVRLCD uses Automatic Voltage Regulation ...

Provides a manufactured waveform output to ...

Delivering an output of 800VA or 450W, this uninterruptible power supply ...

Composite integrated circuitry offers advanced lightning protection and also guards against surges, spikes, sags, brownouts and other power abnormalities. This model is equipped with ...

Single-phase UPS device in dual converter technology, according to three-stage classification code VFI-SS-111. Floor-mounted appliance, either for ...

A mini-tower UPS with line interactive topology, the CyberPower Intelligent LCD CP1500AVRLCD provides battery backup (using simulated sine wave output) and surge ...

A mini-tower UPS with line interactive topology, the CyberPower Intelligent LCD CP1500AVRLCD provides battery backup (using simulated sine wave output) and surge protection for desktop ...

Uninterruptible power supply cp
