Who is Victoria Battery Ltd?

Victoria Battery Ltd. offers complete solutions for the widest range of applications in the market, from batteries to chargers and accessories, mobile power products, and residential or commercial solar systems. They have the knowledge to answer your stored energy-related questions and will help you find the right solution for your application.

Who owns the Victorian big battery?

We acknowledge the Wadawurrung people, Traditional Owners of the land on which Victorian Big Battery stores energy. We pay our respects to their Elders past and present. The Victorian Big Battery is one of the world's biggest batteries, leading the way in providing support services at scale to the grid.

What is a Victorian big battery?

The Victorian Big Battery uses Tesla Megapack technology, which is designed for grid-scale commercial projects. It is a high-density, modular system which can be installed quickly. Each Megapack is pre-assembled with the battery modules, bi-directional inverters, a thermal management system, an AC main breaker and controls in one enclosure.

Is Victoria Battery Ltd a BBB Accredited Business?

Find BBB Accredited Businesses in Battery Retail. Victoria Battery Ltd. is NOT a BBB Accredited Business. To become accredited, a business must agree to BBB Standards for Trust and pass BBB's vetting process. Why choose a BBB Accredited Business? BBB does not have sufficient information to issue a rating on this business.
