Coast Containers has a diverse selection of used storage containers in Victoria, with different colours, conditions, dimensions, and types. With their industrial-grade steel, these metal containers are designed to be robust, long-lasting, and able to withstand intense weather conditions.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

Will Victoria's new megapack power 200,000 homes?

Victoria's new project, which utilizes Tesla's Megapacks, is set to store enough renewable energy to power 200,000 homes during peak periods. This capacity will not only provide stability and reliability to the grid but also ensure that fluctuations in energy demand are met without resorting to fossil fuel-based power sources.
