Which solar inverter is best?

CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025. It was the most efficient inverter we looked at, letting you use a larger percentage of the energy your solar panels generate. This translates to less and more power to use around the house.

Who makes the best solar string inverter?

We review the best grid-connect solar inverters from the world's leading manufacturers Fronius, SMA, SolarEdge, Fimer, Sungrow, Huawei, Goodwe, Solis and many more to decide who offers the highest quality and most reliable solar string inverters for residential and commercial solar.

What are consumer reviews on top home inverters?

Consumer reviews on top home inverters provide insights into performance, reliability, user experience, and customer service. These reviews help potential buyers make informed decisions. The following sections will delve deeper into each of these points.

Where can I buy a solar inverter?

In the United States, there are several reputable places where customers purchase solar panel inverters for their solar panels, including The Home Depot, SolarEdge, and A1SolarStore. The Home Depot offers a range of solar inverters suitable for various applications such as cabins, RVs, backup power, and residential use.

If you want to go solar, you need a good inverter. Here are the best solar inverters to turn power captured by your panels into energy.
