How important is software capability in Southeast Asia's Bess market?

In Southeast Asia's BESS market, software capability is quickly becoming as important as the battery hardware itself. The most competitive storage systems are those paired with advanced energy management systems (EMS) that can handle multiple operational objectives simultaneously.

Which countries are deploying solar storage to curb solar curtailment?

The Philippines is running multi-gigawatt solar-plus-storage auctions, Vietnam is turning to storage to curb solar curtailment, and Thailand is deploying industrial storage to cut peak tariffs and strengthen its EV supply chain. Policy, technology, and market forces are aligning at speed.

Can Aze build your outdoor cabinet & enclosures?

From indoor to outdoor environment, AZE have the right cabinet and enclosures for you, design and build your outdoor cabinet and enclosures, AZE can do it.
