Who makes the best solar string inverter?

We review the best grid-connect solar inverters from the worlds leading manufacturers Fronius, SMA, SolarEdge, Fimer, Sungrow, Huawei, Goodwe, Solis and many more to decide who offers the highest quality and most reliable solar string inverters for residential and commercial solar.

Who makes Fimer solar inverters?

FIMER is a well-established Italian-based inverter manufacturer that took over ABB's solar division in early 2020. The company is in the process of revamping many of the ABB-style inverters and is expanding its range of high-quality string solar inverters for residential,commercial and utility-scale applications.

Are SMA Solar inverters reliable?

SMA inverters have a proven track record for reliabilityand are generally considered one of the highest-quality inverters available. Local service and support are excellent,and SMA provides an optional 10 to 20-year extended warranty. See our detailed SMA solar Inverter review.

What is a solar inverter?

The solar inverter is one of the most important parts of a solar systemand is often overlooked by those looking to buy solar energy. This review highlights the best inverters from the world's leading manufacturers to ensure your solar system operates trouble-free for many years.
