Who makes the best solar panels in Sri Lanka?

Hayleys Solar has partnered with leading tier-1 solar panel manufacturers around the world to provide only the best solar panels in Sri Lanka. All our solar system projects are fitted with durable and conversion-efficient solar panels to ensure that our customers receive long-lasting solar systems.

What is a solar water pump?

Solar pumps are water pumping systems that operate solely on solar energy. They utilize photovoltaic (PV) panels to convert sunlight into electricity, which powers the pump to lift and distribute water from the source to the desired location.

Why should you choose a solar pump?

Whether you are a farmer seeking irrigation solutions, a rural community in need of reliable water supply, or an Eco-conscious individual looking to reduce your carbon footprint, our Solar Pumps offer a cleaner, greener, and more cost-effective alternative.
