Is a GFCI receptacle required?

GFCI receptacles are required in outdoor areas, near water sources, and at or below grade level. At HomeElectrical, we offer a selection of GFCI outlets to protect against electric shock hazards and injuries from faults in electrical connections.

What is a ground fault circuit interrupter?

A ground fault circuit interrupter (GFCI), which is supplied by GFI WAREHOUSE, is a device that can help prevent electrocution. If a person's body starts to receive a shock, the GFCI senses this and cuts off the power before they can get injured.

From blank face to weather-resistant GFCI, we provide the GFI outlet types you need at competitive prices. Learn more about GFCI outlets and where they're required.
